PROFILE

Currently working as a Web Developer, I have a proven track record of developing high-quality, customized and interactive web solutions for clients across diverse industries. I thrive in a collaborative environment and have excellent communication skills that enable me to work effectively with cross-functional teams.

As a self-motivated and results-driven individual, I am constantly exploring new ways to improve my skills and stay ahead of the curve in the rapidly evolving web development landscape. If you are looking for a skilled and passionate Web Developer with a commitment to delivering exceptional results, I would be thrilled to contribute my skills and expertise to your team.

EXPERIENCE

Junior Web Developer
Coding Elephant Technology
June, 2022 - Present

- At first, I was working as an Intern but now I am working as a Full Time employee.
- At this job, I helped my Senior Developers with building HTML, CSS design codes.
- For small internal projects, I had to build full-stack with React.js, Node.js and MongoDB.

PROJECTS

Celebrity NEWs Website

React.js | Pure CSS | Node.js | Next.js | Express.js | MongoDB

This is a NEWs Website . There are 3 Components : Admin Component(React.js), Website Component(Next.js) and REST API Component(Node.js). I built this website from scratch.
